Codecademy

01/2022 - Present

codecademy.com/profiles/AXG-coder

- I did review courses on Codecademy.con and these courses corrected some of the topics I had misunderstood. I also search for other topics from different websites such as w3schools, freeCodeCamp, web dev simplified and much more, with it, I can build any website I need.

WORK EXPERIENCE

Frontend Developer
Freelancer

02/2020 - 11/2020

After taking HTML CSS JavaScript courses for three months, I had an initial interest in website programming and started looking for a job. After a month of searching, I found my first freelance job in February 2020, After that I worked on many projects and during that time I learned a lot of web development through the projects I worked on.

React Developer
Freelancer

01/2021 - Present

After working in Web Developer for about a year, I learned about React.js, and it took me 4 months to learn React because I was working on Web Developer at the same time learning Reac.js. And other things like node.js and ES6 git, github, Sass, boottrap , MATERIAL-UI , ejs And other more
